

Dear Sir / Madam;

## **COMPANY PROFILE.**

### **Introduction: (Welcome to Roadmax Trucking)**

Roadmax Trucking has been successfully specializing on service delivery in the Road Transport industry since 2013 whereby the range of services we provide have professionally matured through recognizing and fulfilling our customer's logistical needs and requirements. Whatever road freight or transport solution you are seeking, kindly take time your time to look at the varied and diverse road transport services we provide with a well maintained fleet of 23\*40ft trucks

### **RoadTransport Operation:**

Our fleet management office is open from 08:00hrs, Monday to Sunday. Logistical requirements over weekends and holidays can be booked formally through our fleet controller(s) on call and communication via e-mail. Our 24hour operation ensures that consignments are monitored throughout their time in transit. Our experienced fleet controllers work as a team with the aid of a customized fleet management system, electronic cargo tracking system(s), mobile communication system and road patrols enabling us to undertake a number of daily cargo loading and offloading services throughout East, Central and Southern Africa. Real time information is vital to us and to our highly esteemed customers.

### **Our Clients/Customers:**

Our logistics operations have been admired by many companies and Multi-Nationals hence have a major list of clients whom we have and still are doing business with:

*Upfield (Unilever), Bolllore Logistic, Osho chemicals, Damco Logistics (Maersk), Iffa seed Tanzania Ltd*

### **Road Logistics Operations**

Our Road logistics operation(s) mirror the working hours of our client(s) with daily realtime reports in regards to moving consignment(s)/shipmen(s) through our computerized fleet management system and asset tracking gadgets, which is availed to the prospective client through real time (mobile/cell-phone) communication, customized alerts and E-Mail reports.

Proof of Quality:

The most valuable goal achievement by each individual employee at our company is consistent high standards of Road Logistics Services and prompt solutions to our prospective and various clients. The pursuit of excellence is not an option for us but more of a business necessity, requirement and foreseen achievement.
